

SEPTEMBER

LEARNING TREE PRESCHOOL

WHAT WE'RE LEARNING

EMOTIONS/APPLES

We will start off September exploring our emotions. The children will learn about the many feelings you can have and ways in which you can handle them. The children will be learning about the life cycle of an apple, types of

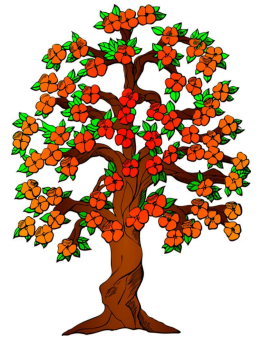

FALL/LEAVES

apples and the many things you can make with apples. We will even be making our own applesauce. We will begin our unit on "Fall/Leaves." We will discuss the changes in the weather, clothing and why leaves change

NIGHT & DAY

Color. We will finish the month exploring why we have a "Night and Day." The children will experiment with light, learn about nocturnal animals, the sun, moon and stars and the different things you see and hear in the night & day
